

## Subject Spotlight Quality of Education Series Recordings

Aimed at primary practitioners, these **recorded** sessions take participants through the process of exploring and evaluating the subject curriculum. Each session is approximately 3 hours long and can be purchased as a standalone unit or purchased as part of a discounted package. During the session participants have the opportunity to:

- develop and enhance their understanding of the Quality of Education section of the Education Inspection Framework;
- consider the intent and ambition of their subject curriculum;
- reflect on their curricular planning including progression documents.
- access a range of resources to support the delivery of the curriculum;
- explore each part of the 'deep dive' process and how this links to the school's own monitoring evidence base;
- engage with academic research to support the development of pedagogy within the subject;
